

Serving the community since 1977

MEMBERSHIP for 2014

As a member of the Kensington Residents' Association during 2013, we invite you to renew your membership for 2014 (for those that prefer we offer the option of renewal for two or five years).

During 2013 your Association:

- **planted more locally indigenous species along the northern fence from Thornton Street and around two significant Redgums and other parts of the park as part of our ongoing biodiversity project in Borthwick Park;**
- **planted more locally indigenous species in Pioneer Park;**
- **initiated action to try to ensure long term security for the Kensington Pool;**
- **communicated and consulted widely with our members on issues of local importance and advocated to Council and Government on behalf of residents on heritage matters, development issues, traffic, environmental and parks and gardens matters;**
- **through the Arts Group, organised a film night at the Kensington Pool on Australia Day, a literature night at the Rising Sun Inn and Community Christmas Carol Singing around our streets;**
- **organised a fifth day of Kensington garage sales.**

To maintain credibility as the body representing the views of residents and to remain financially viable it is important that the Association retains as large a membership base as possible. The Association needs the support of all residents so that it is ready to act when the need arises. Please show your support by completing the Membership Renewal below, then detach and return to the Association.

In 2014 amongst other activities we will:

continue to voice community concerns to protect heritage buildings and preserve the character of Kensington; extend the biodiversity plantings in Borthwick Park and Pioneer Park; organise a day of garage sales; and support a variety of arts projects.

Andrew Dyson
